

PowerSchool Parent Account Creation

The PowerSchool Parent Portal allows you to view your student(s) records. You can have multiple students added to your account, even if they attend different schools. You will need to create and manage your own username and password, which you will not have to share with other individuals (e.g. step-parents, guardians), who may have access to the student(s) records. Below are the steps to create a new account.

- 1) In a web browser, go to the PowerSchool Parent Portal at <https://ps.helenaschools.org>
- 2) Click on the tab "Create Account" as shown below.
