

CAPITAL HIGH SCHOOL BOOSTER CLUB...

Needs You!

Dear Friend of Capital High:

The Capital High School Booster Club is a group of parents, faculty and volunteers dedicated to strengthening student excellence at Capital High. Our goal is to work with school educators, staff, and parents to promote school spirit, athletics and academics to enhance the educational experience. We are able to meet our goal by providing financial assistance to these various extra curricular activities and clubs. We are able to do this through donations from our generous Booster Members. We had over 200 businesses and families as members last year and each is so very vital to helping us attain our goal.

We are a registered not-for-profit organization* that supports ALL students and school activities. Financial requests made to our club frequently exceed our ability to assist. **Please consider donating to the CHS Booster Club for the 2019-20 school year! Our success depends on Boosters like YOU! And, don't forget to download the Bruin App today!!!**
